

INTERNATIONAL

Student Guide

2018

REMARKABLE BEGINS HERE

Welcome

Welcome to this International Student Guide. Making the decision to study overseas, and choosing the right university, is a big decision. Since its beginnings in the 1970s, Griffith has had a strong focus on internationalisation and is privileged to host students from over 130 different countries. Both Brisbane and the Gold Coast, home to five diverse Griffith University campuses, offer students a great introduction to the renowned Australian lifestyle. In addition, the Gold Coast is hosting the Commonwealth Games in 2018, and our Gold Coast campus is right in the heart of all the action, with the Games Village across the road. That makes it a particularly exciting time to look at studying with us, with lots of events planned alongside the Games themselves. With a move to trimesters in 2017, and a renewed focus on graduate employability throughout all our academic programs and a number of extra curricula opportunities as well, there has never been a better time to study at Griffith. Choosing to study in another country is a big decision, and I hope that this Guide provides you with the information you need, as well as a taste of all the support available to you once you get here. Having been an international student myself, I am well aware of the life changing impact that studying overseas can have. Good luck with making your choice, and I hope that we have the chance to welcome you to Griffith University.

Vice President (Global)

Build your career

Griffith University graduates are well equipped for the new world of work. With a 5 star employability rating*, we include real-life industry experiences in our degrees and have a great range of employability initiatives to help you be job-ready.

*2017 QS Stars University Ratings.

Work-integrated learning

Employers like to see experience from the real world on your resume. You can gain practical experience while you study, build your portfolio and develop networks through internships and industry placements. Many work-integrated learning opportunities will allow you to earn credit towards your degree.

Griffith Honours College

Griffith is the only university in Australia with an honours college. The Griffith Honours College is an extracurricular program that provides experiences to increase your employability and graduate opportunities. Many of these experiences will be exclusive to Griffith Honours College students and will enable you to develop a global perspective while enhancing your leadership, communication, teamwork, research and industry skills.

Mentoring

Griffith's range of mentoring programs will connect you locally and globally, allowing you to engage with students, alumni and industry professionals. Through our Industry Mentoring Program we find you a suitable mentor to support and guide your career development.

Community Internship

The Community Internship is a 10 credit point course, available to students in most degrees. Through this course you will be able to make a difference in a local community organisation while developing a range of professional and personal skills. You will spend a minimum of 50 hours in a volunteering placement and combine this with academic learning. With hundreds of internship opportunities we can tailor the internship to match your study area or interests.

Leadership programs

Join one of our leadership programs, including the Griffith Business School Student Leadership Program, Griffith Honours College or Griffith Mates. You will receive formal recognition for participating in these programs and gain a range of experiences and skills sought after by future employers.

Internships and industry placements

Gain industry experience, observe professionals and ask questions to become career ready. Griffith offers internship and industry networking opportunities in nearly all study areas.

Careers and Employment Service

Our Careers and Employment service supports you to plan your career, become job ready and find work while you study and after you graduate. Get help with resumes, cover letters, interview preparation and job search techniques to improve your employability and increase your chances of finding your dream job.

griffith.edu.au/careers

Exchange and short-term programs

Participating in an overseas program as a part of your Griffith University degree is one of the best experiences you can have at university. You can spend as little as one week, or as long as one year in destinations around the world.

We offer a trimester or year-long exchange program, as well as short-term options including global internships, volunteering, service learning, academic-led study tours, clinical placements and research practicums. There is also a variety of funding options available to support your overseas program.

Did you know that you can work while you study in Australia?

We have services dedicated to helping you find a part-time job while you study. **SEE PAGE 10** ▶

“There was so much of my Griffith degree that was directly applicable to my workplace. All the practical components of my degree, all the industry input and knowledge, all the opportunities to work directly with the industry, they are invaluable.”

Alana Scott

Bachelor of Environmental Engineering (Honours)

Work while you study

In Australia you can work part-time while you study and Griffith has services to help you find a job.

Working while you study in Australia can complement your student experience.

Key facts about working in Australia:

- ◆ Student visa holders can work a maximum of 40 hours per fortnight (2 week period) during the teaching period, once classes have started.
- ◆ Student visa holders can work unlimited hours during scheduled University-wide teaching breaks.
- ◆ Australia has a high national minimum wage.
- ◆ Work rights in Australia mean you are entitled to a healthy and safe work environment, regular breaks and rest periods.

Careers and Employment Service

The Careers and Employment Service can help you find part-time work while you are studying through Unitemps (see below) and provide you with advice on how to get your first graduate job.

You will learn about the importance of professional networking and using social media in your job search, as well as the latest information on job vacancies, recruitment trends and career options related to your degree. This service will also help you with your resume, cover letters and interview preparation techniques.

You can search for job vacancies on:

- ◆ **Griffith's Careerboard job portal**
- ◆ **seek.com.au**
- ◆ **careerone.com.au**

Scholarships

We provide excellent scholarship opportunities for our international students.

We offer an exciting and generous range of scholarships to support international students coming to study in our undergraduate, postgraduate, research and pathway programs. Our scholarships recognise remarkable students with outstanding academic achievements and the potential to make a positive contribution to Griffith and our community.

Griffith University supports outstanding international students with a range of scholarships, including:

- ◆ excellence scholarships for undergraduate and postgraduate students
- ◆ scholarships for family members of current international students and alumni

- ◆ discipline-specific scholarships for selected programs
- ◆ higher degree by research scholarships
- ◆ Gold Coast 2018 Commonwealth Games scholarships.

Scholarships are also awarded to the top graduate of the Griffith English Language Institute Direct Entry Program and the top Griffith College Diploma graduate for each session.

Australia Awards Scholarships

At Griffith, we host and support a diverse community of Australia Awards scholars. The prestigious Australia Awards Scholarships, funded by the Australian Government's Department of Foreign Affairs and Trade (DFAT), offer next-generation leaders from across the world an opportunity to undertake study and research in Australia. The scholarships aim to help developing countries reduce poverty, achieve sustainable development and increase access to quality education.

Endeavour Scholarships

The Australia Awards Endeavour Scholarships offer outstanding opportunities to international students to undertake study, research or professional development in Australia. Griffith is proud to host Endeavour Scholarship awardees in a range of disciplines.

Vice President (Global), Professor Sarah Todd, with some of our 2017 international student scholarship recipients.

"To be studying my dream program with the support of the Commonwealth Games Scholarship is really amazing. Griffith has given me an amazing opportunity to be part of a major international sporting event; an experience that will echo through my future career."

Narasimhan, India

Griffith University and Gold Coast 2018 Commonwealth Games Scholarship recipient

Accommodation

Whether you would like to live on-campus or off-campus, there are a number of options you can explore to find housing to suit your needs. You can also choose homestay and live with a local Australian family while you study.

Off-campus

In Australia, share housing – where you share a house or apartment with a number of other students – is the most common form of off-campus accommodation.

When looking for suitable off-campus accommodation you will need to consider:

- ♦ the cost of rent (usually advertised weekly)
- ♦ if utilities are included in your rent (electricity, water, gas)
- ♦ if internet is included in your rent
- ♦ if the accommodation is furnished
- ♦ how close the accommodation is to your campus
- ♦ access to public transport.

griffith.edu.au/international-accommodation

Temporary accommodation:

We recommend you organise temporary accommodation for your first few days or weeks in Queensland, as it is important that you inspect your long-term off-campus accommodation before you move in.

Temporary accommodation websites:

airbnb.com
lastminute.com
wotif.com

Off-campus accommodation:

You may wish to organise your long-term off-campus accommodation after you arrive in Australia, to ensure you are choosing a suitable living and study environment.

Off-campus accommodation websites:

Cost of living

Australia is an affordable and friendly place to study and offers a combination of quality education and high living standards.

The cost of living in South East Queensland, where our five Griffith University campuses are located, is considered more affordable than other major Australian cities such as Sydney and Melbourne.

The Australian Government requires students to have access to a minimum of **AU\$19,830 (Australian dollars) per year** to meet their living costs.

Tuition fee guarantee

Tuition fees are reviewed annually and are subject to change. If you are a degree student commencing in 2018, we guarantee that your fees will not increase by more than 2.5% per year for the normal duration of your program. This means that you are provided with certainty and confidence regarding the total cost of your degree at Griffith. Detailed information on the fees relevant for your degree, including the fees applicable in your commencing trimester, is available at degrees.griffith.edu.au

We provide students with first-class support during their Griffith experience, from arrival through to graduation and beyond.

Know your options

No matter what level of study you have completed, or what English level you have, we have a range of study options and pathways to help you achieve your study goals.

Study options and pathways at Griffith

Trimester teaching

At Griffith we teach across three trimesters, rather than two semesters – this gives you the flexibility to pace your study to suit your needs.

Trimesters 1 and 2 are compulsory, so if you begin your degree in Trimester 3, you must complete Trimesters 1 and 2 in the following year; however, if you begin in Trimester 1 or 2, it is not compulsory to enrol in Trimester 3.

Please note: A small number of Griffith degrees may require students to enrol in Trimester 3.

Online study

Our online degrees are delivered 100% online, giving you flexibility over where and when you study. Choose between full-time and part-time study options.

You can identify our online degrees throughout this Guide by the symbol above.

Please note: If you enrol in an online or external degree you are not eligible for an Australian student visa.

Study Abroad program

Our Study Abroad program allows you to complete one, two, or three trimesters of study in Australia and earn credit towards your home degree.

See our Study Abroad and Exchange Guide for more information.

What am I eligible to study?

Read below for an overview of entry requirements for Griffith University degrees.

This information should be used as a guide only. Please ensure you understand the academic and English language entry requirements for your degree.

Academic entry requirements

Undergraduate (bachelor)

Standard entry*

Completion of secondary school comparable to Australian Year 12 OR equivalent academic achievement.

Some programs have higher entry requirements, specific prerequisites or require the submission of portfolios, medical checks or professional work experience.

Pathway option(s)

Study a Foundation or diploma program through Griffith College. See page 21.

Gain direct entry into the relevant Griffith University bachelor degree upon completion.

Postgraduate (master)

Standard entry*

A bachelor degree or higher (or equivalent) from a recognised university.

You must meet minimum Grade Point Average (GPA) entry requirements. Griffith also recognises the knowledge gained through work experience, as well as prior study, for some degrees.

Research

Standard entry*

Doctor of Philosophy (PhD)

- ◆ A bachelor degree (or equivalent) with class I honours or class IIA honours; OR
- ◆ a master degree (or equivalent) incorporating a significant research component; OR
- ◆ a record of research, or a qualification granted by a professional or other body which is deemed to be of a standard comparable to a bachelor degree with class IIA honours.

Master of Philosophy (MPhil)

- ◆ a bachelor degree (or equivalent) with at least class IIB honours incorporating a significant research component; OR
- ◆ a record of research, or a qualification granted by a professional or other body which is deemed to be of a standard comparable to a bachelor degree with class IIB honours.

Pathway option(s)

Graduate Diploma of Research Studies

Griffith offers graduate diplomas in specific disciplines.

English language entry requirements

Undergraduate (bachelor), Postgraduate (master) and Research

Standard entry*

- ◆ IELTS: minimum score of 6.5, with no subscore less than 6.0; OR
- ◆ Internet-based (iBT) TOEFL: score of 79 (no subscore less than 19); OR
- ◆ Pearson Test of English (Academic): overall score of 58 with no score less than 50; OR
- ◆ ISLPR: no score less than 3+ in each skill of the ISLPR (conducted by ISLPR Language Services only).

Pathway option(s)

Complete the Direct Entry Program at Griffith English Language Institute. See page 20.

The duration of English study required will vary depending on your current level of English.

*Visit degrees.griffith.edu.au to view the academic and English language entry requirements for your degree.

Griffith English Language Institute (GELI)

For over twenty-five years, Griffith English Language Institute (GELI), Griffith University's official English language provider, has been delivering award-winning English language programs to international students.

Direct Entry Program

The highly popular Direct Entry Program is for students wanting to gain entry to a Griffith University degree or Griffith College diploma. When you successfully complete the Direct Entry Program at the equivalent of the IELTS level needed for your degree or diploma, you can enter your program directly without needing to submit a proficiency test result.

As you progress through the Direct Entry Program, you will build your English language skills in Reading, Writing, Listening and Speaking, and at the higher levels you will practise academic skills that will help you to be successful in your studies at diploma, bachelor, master or PhD level. A highlight of the pathway for Griffith University degree students includes the final 10 weeks, where you will attend lectures, participate in class tutorials, and complete essays and a research assignment to prepare you for your studies.

You will be placed in the Direct Entry Program according to your English level, based either on your recognised proficiency test results or a placement test on arrival. You can enter most Griffith University degrees if you have IELTS 6.5 with no sub-score below 6.0 (or equivalent), and most Griffith College diplomas if you have IELTS 5.5 with no sub-score below 5.0 (or equivalent). Some degrees and diplomas require a higher score, so please check the English language entry requirements for your program.

High School Preparation (HSP)

High School Preparation (HSP) is a specialised program for international students aged between 13 and 18 years entering an Australian secondary school. The program combines English language studies with school subject studies to improve your English as well as general knowledge, academic skills and cultural information. Upon successful completion of the program, you will have achieved the English language proficiency level to enter an Australian high school.

You will be placed in the HSP program according to your English level, which will be determined by your recognised proficiency test results or a placement test on arrival. Students are generally required to study in the HSP program for a minimum of 20 weeks.

Remarkable research

Griffith is a research-intensive university that fosters industry, community, government, national and international research collaborations. Undertake research at Griffith and be part of an elite group of researchers who are thinking globally and discovering new-world solutions.

Research centres and institutes

Explore multidisciplinary collaborations with researchers across our 30+ research centres and institutes, exploring extensive and varied discipline areas.

Above world standard

Analysis of Excellence in Research for Australia 2015 found 98% of our research outputs were in disciplines rated at world standard or above.

Research support

You will be supported with research training workshops and a comprehensive suite of library services ranging from research and data management tools to extensive borrowing privileges.

Outstanding resources

Our researchers are provided with state-of-the-art facilities, support services and research environments that best accommodate their needs.

Scholarships

We offer a number of higher degree research scholarships each year to help you with the cost of tuition and/or living expenses for the duration of your research study.

International links

Griffith researchers are well connected and collaborative, with over 5,000 national partners and over 200 international research agreements.

Research with impact

Our remarkable discoveries help to shape a better world.

Malaria vaccine - The Institute for Glycomics is developing and manufacturing a world-leading malaria vaccine—PlasProtecTTM— which is now at human-trial stage.

Shadow of an atom - The world's first photo of a shadow of an atom was taken by researchers at Griffith's Centre for Quantum Dynamics.

Protecting wildlife - Griffith experts are at the forefront of world-leading strategies to protect wildlife from the negative impacts of roads, aiming to minimise the number of motor vehicle accidents involving wildlife.

Spinal cord paralysis treatment - The Griffith Institute for Drug Discovery is leading groundbreaking stem cell research into treating spinal cord paralysis.

'Green' circuit boards - Environmentally friendly circuit boards are being developed at the Griffith School of Engineering.

Robots to help dementia patients - Griffith is leading research into using robots to improve the quality of life for dementia patients through the Menzies Health Institute Queensland.

Wearable technology - Griffith is working with Olympians and other elite athletes to develop wearable sports technology monitoring systems to aid in better performance and injury risk management.

Autism Centre of Excellence - The Autism Centre of Excellence is engaged in the development of strategic research in evidence-based practices to achieve lifelong outcomes for learners with Autism Spectrum Disorder.

Research study options

Doctor of Philosophy (PhD)

The PhD is Griffith's premier research training degree. It is awarded for a thesis (or a series of published papers), drafted under supervision, which makes an original, significant, and extensive contribution to knowledge and understanding in your field of study.

Griffith also offers:

- ◆ Doctor of Philosophy (by prior publication)
- ◆ professional Doctorates (psychology, education, musical arts and visual arts).

Master of Philosophy

The Master of Philosophy (MPhil) is awarded for a thesis, drafted under supervision, which presents original research and demonstrates both knowledge of a research topic and discipline. It is shorter than a PhD and offered across all schools.

Griffith also offers:

- ◆ specialist Masters by Research (combine coursework with professional and/or artistic practice).

Griffith experts

Griffith has over 2,600 researchers working across more than 30 research centres and institutes. Our world-class experts utilise state-of-the-art facilities to develop new knowledge in a range of specialist areas that will lead to novel and exciting solutions to benefit society and the environment, as well as influence governance and policy development.

Engineering and IT

Study engineering or IT at Griffith and learn using cutting-edge resources while gaining valuable hands-on experience through real projects.

State-of-the-art laboratories

Including hydraulic and geotechnical laboratories, and 3D printing facilities.

Strong industry links

Be job-ready with opportunities for industry placements and the chance to work on industry projects.

Focus on innovation

We prepare our graduates to create smarter solutions for the future.

Industry Affiliates Program (IAP)

The Industry Affiliates Program (IAP) is a work-integrated learning program designed to integrate final-year students into the workplace. Griffith's IAP program has been running for over 20 years and has placed thousands of students into industry-based projects where they gain invaluable skills and experience.

Foundation first year

Our Bachelor of Information Technology and Bachelor of Engineering (Honours) now have a foundation first year, which is designed to allow you to test out different study areas. You get to choose your major specialisation when you are ready, before you start the second year of your studies. As well as your major, you can choose from an additional range of minor specialisations to create your own, unique skill set.

“IT is one of the most powerful tools the world has ever seen. IT has the power to help the developing world.”

		Feb, Jul	3	N	240	6.5	S	1535	090585B	\$29,500

What you will study
In this program you will learn the fundamental principles underpinning computer science and learn practical software technology development skills for many different platforms and applications.
You will have the choice of studying many exciting topics; you can choose between one of two majors and also select from a range of elective courses. In the last year of your studies, you will complete a practical project for industry or a research placement, providing first-hand experience of the knowledge, skills and attributes required to succeed in full-time employment.

Majors
Data Science and Artificial Intelligence, Software Development.

Double degree option(s)
Combine Computer Science with: Engineering (Honours).
Recognition/Accreditation
It is anticipated that the Bachelor of Computer Science will meet the accreditation requirements for graduates to become a Member of the Australian Computer Society (ACS) at the professional level.
Graduates find employment
in: commerce; corporate IT; government; or private consulting;
as: a software developer; computer programmer; web and mobile applications developer; data scientist; software engineer; systems analyst; computer games programmer; software systems architect; computer scientist; computer systems engineer.

Griffith's School of Information and Communication Technology is ranked #1 in Australia for overall student satisfaction (Course Experience Questionnaire 2015).

		Feb, Jul	4	N	320	6.5	H1	1542	090583D	\$32,500

What you will study
As part of your core first year, you will develop a strong foundation in basic science and engineering principles, practice and management. You will study a range of engineering areas, to help you decide what area of engineering you want to focus on. From your second year you will study your preferred major and focus more on your selected area of interest. In your final year you will take these skills and work with our Industry partners here or overseas to undertake a trimester-long project through our capstone Industry Affiliates Program.

Majors
Civil Engineering (G,N); Civil and Architectural Engineering (G); Electrical Engineering (G); Electronic and Energy Engineering (N); Electronic and Unmanned Aerial Vehicles Engineering (N); Electronic Engineering (N); Environmental Engineering (N); Mechanical Engineering (G); Software Engineering (N).

Double degree option(s)
Combine Engineering (Honours) with: Aviation; Business; Computer Science; Environmental Science; Industrial Design; Information Technology; Science.

Recognition/Accreditation
In Australia, professional accreditation of entry to practice engineering programs is the responsibility of Engineers Australia.
The Washington Accord, the Sydney Accord and the Dublin Accord recognise Engineers Australia-accredited programs across international boundaries at the Professional Engineer, Engineering Technologist and Engineering Associate levels respectively. Please refer to the International Engineering Alliance (IEA) website for more details: ieagreements.org

Graduates find employment
in: design and construction of civil and structural engineering systems; design and installation of medical instruments; electronics design and fabrication; robotics; bionstrumentation; biosignal engineering; power transmission; mining; oil; smelting; automotive, marine, aerospace and sports technologies; design and manufacture of consumer and specialised industrial machines; software design and development.

Pathway option(s)
• Diploma of Engineering
For more information see [page 21](#).

What you will study
In this degree, you will combine a creative engineering approach with industrial design innovation. You will graduate with a unique ability for innovation and creativity in industrial design whilst working within the principles of engineering.
You will learn about design process, material characteristics, mechanics and electronics, as well as 3D computer modelling, creative thinking and digital media. This degree also incorporates an international focus on digital and advanced technology manufacturing, giving you the chance to develop an understanding of how a product is created, from design to delivery, in a global context now and in the emerging advanced manufacturing environment.

Double degree option(s)
Combine Industrial Design with: Engineering (Honours).
Graduates find employment
as: a creative designer-maker; designer for medical applications; entrepreneur; in automotive or digital fashion; industrial designer; innovator; or product designer.
Pathway option(s)
• Diploma of Engineering

Medicine, dentistry & health

Study among leaders - Griffith's breakthrough medical research continues to provide a greater understanding of diseases like cancer, cardiovascular disease, Alzheimer's disease and chronic fatigue syndrome.

**Ranked #34 in the world
and #1 in Queensland**

for Nursing & Midwifery in the QS World
University Subject Rankings 2017.

**\$150 million Griffith
Health Centre**

Part of the Gold Coast Health and
Knowledge Precinct.

**Griffith Health
Clinics**

Under supervision, students practise
clinical skills with real patients.

Excellent clinical experience (and lots of it)

As a Griffith health student, you will take the first steps towards a successful career through a blend of classroom learning and clinical placements in community health and hospital settings. This will be complemented by sophisticated on-campus simulated learning and experiences in world-leading virtual reality teaching environments.

Play your part in the team

The future of health lies in teamwork. Today, health professionals need to work together to deliver life-changing outcomes, and we are proud that interdisciplinary education is a priority at Griffith. We work to ensure our health students are exposed to situations and team learning environments that closely reflect team practice in the real world.

“Nursing is challenging but I love it and it’s a very good opportunity for me to grow and to make a positive difference in people’s lives.”

Brandon Wu

Bachelor of Nursing graduate

Brandon left his job in the banking industry in Hong Kong because he wanted to help people. He turned his Bachelor of Nursing into a job as a Registered Nurse in Australia.

Science and aviation

We offer a range of science degrees - from chemical to forensic, physical to biomedical - as well as our highly recognised aviation program.

Leaders in aviation

We have 20 years of experience producing qualified graduates for the international aviation industry.

Strong future career prospects

You will gain hands-on experience with local and international industry partners.

Opportunities to join professional bodies

Graduates from select degrees will be eligible for membership with professional bodies.

World leading research centres

Griffith has faculty and staff from incredible centres that are involved in teaching and mentoring students including: Griffith Institute for Drug Discovery, Centre for Quantum Dynamics, Queensland Micro- and Nanotechnology Centre, Institute for Glycomics, Australian Rivers Institute, and Environmental Futures Research Institute.

Aviation qualifications for a diverse career

With our innovative approach to aviation education, we have gained an international reputation for producing qualified graduates in demand by the aviation industry. Aviation graduates work in many different roles for air transport operators, airlines, airports and air transport regulators around the world.

“The students we train are doing research that has global impact. That training will allow them to go anywhere in the world.”

Professor Mark von Itzstein
Executive Director, Institute for Glycomics

REMARKABLE

What you will study

This degree will help you start your career in aviation management and thrive in the constantly changing aviation environment.

You will study courses that directly relate to job functions in the aviation industry. In your final year, you will have the opportunity to undertake a short research project, which allows you to make a valuable contribution to an area in the aviation industry that interests you and can be sponsored by an organisation or individual within the aviation industry.

Griffith University has Australia's most highly recognised aviation teaching program. Our aviation staff have strong industry ties, are world leaders in air travel safety research and focus on the human elements in flight operations to help improve safety. Over the past 20 years teaching in this field, we have built an international reputation for graduates who are industry ready.

Graduates find employment

As a graduate, you will be prepared for employment in aviation management. You will also be able to apply your management skills to many areas of the aviation industry including: airlines, air traffic service providers, maintenance and repair organisations, and government organisations, such as the Australian Defence Force and the Civil Aviation Safety Authority (CASA).

Our graduates have been successful in gaining a range of positions with organisations such as Cathay Pacific, Emirates, Etihad, Jetstar, Qantas and Regional Express as well as Airservices Australia and CASA.

Pathway option(s)

- Diploma of Commerce

REMARKABLE

What you will study

In this degree, you will explore science in real life and receive training in handling criminal casework in forensic biology and forensic chemistry.

You will develop in-depth knowledge of new forensic analysis methods and innovations, and gain valuable experience from real casework. You will practise presenting expert evidence in moot courts. You will learn from academic staff who have been called to work on projects such as the forensic identification of victims of the Asian tsunami and the Bali bombings, and who provide expert evidence in Australian courts.

In your first year, you will take core courses in biology, chemistry, molecular genetics and forensic investigation. In your second and third years, you will focus on your chosen major and continue to develop your skills in core areas.

Majors

Forensic Chemistry; Forensic Molecular Biology.

Double degree option(s)

Combine Forensic Science with: a Bachelor of Criminology and Criminal Justice.

Graduates find employment:

as: a DNA expert, a forensic molecular biologist, forensic chemist or forensic toxicologist and as an acknowledged expert in these or a variety of other roles within the criminal justice system.

in: areas such as molecular biology, analytical chemistry and biomedical science.

Pathway option(s)

- Diploma of Science

What you will study

You will gain specialised skills and practical knowledge for a professional career in the biological, clinical, chemical, physical and mathematical sciences.

In your first year, you will study core science courses. From your second year onwards, you will choose a major that suits your interests and career plans. You can undertake laboratory work in state-of-the-art facilities or fieldwork, depending on the major you choose. In your final year, you can participate in industry internships to gain employment-relevant experience.

You will have access to experts from renowned research centres such as the Griffith Institute for Drug Discovery (GRIDD), the Centre for Quantum Dynamics, Queensland Micro- and Nanotechnology Centre, the Institute for Glycomics, the Australian Rivers Institute and the Environmental Futures Research Institute.

Majors

Applied Mathematics (G, N); Biochemistry and Molecular Biology (G, N); Chemistry (G, N); Clinical Sciences (N); Geography (G, N); Marine Biology (G); Microbiology (Nathan); Physics (G, N); Wildlife Biology (G, N).

Double degree option(s)

Combine Science with: Business; Engineering (Honours); Information Technology; Urban and Environmental Planning.

Graduates find employment

in biological, chemical and clinical sciences as: a biochemist; biotechnologist; chemist; microbiologist and pharmaceutical scientist; marine or wildlife biologist.

in physics and maths as: a mathematician; or physicist. Further study can lead to positions as a science journalist or science teacher.

Pathway option(s)

- Diploma of Health Sciences

How to apply

Applying to study at Griffith is easy. With applications open all year round, you can quickly complete your application in 6 simple steps.

Visit: griffith.edu.au/apply/international

Step 1

Choose the degree you want to study.

Find the degree which meets your career and study goals at griffith.edu.au/international-study

Step 2

Check you meet entry requirements.

Consider a pathway option if you don't meet direct entry requirements (see page 18).

Step 3

Check if you are eligible for credit.

If you have existing formal qualifications or relevant work experience, you may be eligible to receive credit, which will reduce the duration of your study. griffith.edu.au/credit

Step 4

Prepare supporting documentation.

Include certified copies of your academic and English test results (translated into English if applicable) plus a portfolio or audition if relevant to your degree.

Step 5

Apply online.

Apply online or via a registered recruitment representative. griffith.edu.au/apply/international

If you are currently studying at an Australian high school you may apply through QTAC or UAC.

Step 6

Accept your offer.

You must return evidence of meeting any outstanding conditions in your Letter of Offer, formally accept your offer and pay your total deposit fee.

Application dates

We recommend that you apply by:

- ◆ 31 January (to start in Trimester 1)
- ◆ 3 June (to start in Trimester 2)
- ◆ 30 September (to start in Trimester 3).

You must allow enough time for your visa application to be processed to enable you to arrive in time for Orientation. Some degrees have different application closing dates. Check if this applies to your degree at degrees.griffith.edu.au

After you accept your offer

Once you have accepted your offer you will receive an electronic Confirmation of Enrolment (eCOE) which you will need when you apply for a student visa.

Visit griffith.edu.au/international/prepare-for-university for useful information about life in Australia including:

- Moving to Australia with a family.

How to use this guide

The following information will help you understand how to read this Guide.

Campus symbols

N Nathan	G Gold Coast
M Mt Gravatt	O Online
S South Bank	E External
L Logan	

If you enrol in an online or external degree you are not eligible for an Australian student visa. Online and external degrees can be studied part-time.

Credit points

Credit Point (CP) refers to the value of a course. Generally, one course is worth 10 credit points.

This may differ depending on your area of study. This Guide contains the total number of credit points each degree is worth.

Duration

Unless stated otherwise, all degree durations (years) are for full-time study. For most programs, full-time study is 80 CP per year (or 40 CP per trimester).

You must study full-time on campus to be eligible for a student visa.

Pathways

Degrees with this symbol have a Griffith College diploma as an academic pathway. Find out more on page 21.

Honours

Degrees with this symbol have one optional year of honours research.

Students can apply for an honours year upon completion of their bachelor degree.

Tuition fees

2018 indicative full-time fees are calculated on the basis of 80 CP of study (2 trimesters full-time).

Tuition fees are in Australian dollars and increase annually. For more information see page 13.

Entry requirements

Grade Point Average (GPA)

Your grade point average (GPA) is the measure used for academic achievement at Griffith University.

Your GPA is calculated using your academic grades and the credit point value of the courses you have completed.

You can calculate your GPA using the method shown in the Calculation of Grade Point Average policy.

Undergraduate academic entry scale

Standard - S

Higher - H1, H2, H3, H4, H5, H6

(H1 = lowest, H6 = highest)

A list of many country's equivalent qualifications can be found on pages 62-63. It is also available in the 'How to Apply' tab for each degree on degrees.griffith.edu.au

Postgraduate academic entry scale

A - any bachelor degree (or equivalent) from a recognised university.

R - a related bachelor degree (or equivalent) from a recognised university.

O - a combination of other academic entry requirements.

Some degrees have additional academic entry requirements, including specific GPAs and work experience. Please check the academic entry requirements for your degree at degrees.griffith.edu.au

English language entry requirements

All Griffith degrees have English language entry requirements. You can check the minimum overall IELTS score for your degree in the program pages of the Guide.

Below is a list of other tests we accept, and the corresponding results, based on our most common IELTS score:

- ◆ A minimum overall band score of 6.5 on IELTS (Academic) (no sub-score less than 6.0) OR

- ◆ a minimum score of 575 on TOEFL OR
- ◆ an internet-based (iBT) TOEFL score of 79 (no sub-score less than 19) OR
- ◆ no score less than 3+ in each skill of the ISLPR (conducted by ISLPR Language Services only) OR
- ◆ a minimum grade of C on the Cambridge Certificate in Advanced English (CAE) OR
- ◆ a minimum grade of C on the Cambridge Certificate of Proficiency in English (CPE) OR

- ◆ an overall score of 58 in the Pearson Test of English (Academic) with no score less than 50.

Griffith University does not accept English language test results that are more than two years old.

Some degrees have higher English language requirements. Visit degrees.griffith.edu.au
